## **Zacharkiw on wine: Winter is the right time to warm up to Alsace**

---

Aren't all rieslings sweet? Many rieslings from around the world have high acidity and residual sugar to balance that out, but the majority of Alsace riesling is dry, mineral and more textured.

### **MURÉ Riesling 2016 Côte de Rouffach**

Shows a salty mineral note and citrus, but underneath is the fat. So comfortable to drink.
